Dear Bob:

This letter will serve as approval to proceed with revision of rates of compensation for mechanics and crew chiefs while rendering overseas services, as proposed in your letter to me of 20 March 1956, same subject.

Will you in the near future send me revised schedules for proposed Letter Contract No. SC-56, for the period 1 May 1956 thru 30 June 1956, and for the period 1 July 1956 thru 30 June 1957. Also include any comments you may have with respect to any special clauses such Letter Contract should carry, considering the overseas as parts of this duty.

Thanks,

Geo.
